Hi John – Thanks for this. I've been informed Craig that he'd like to make some changes to the formatting and forms we use so please disregard the previous IAP I sent. A new one will be prepared Mon. am. Sorry for the confusion.

Here's our bare bones "FINAL draft" IAP for tomorrow to get us going.

Hi Harry/Althea,

We've developed a modified R8 Incident Action Plan (IAP), and want to get your thoughts on how we need to coordinate on this. Does it need to go through Area Command? Do you want us to add info for your regions in addition to what we have? The document is very bare bones at this point, and will be improving over the coming days. Let us know asap so we can continue with distribution! Thanks!
